### ADDITIONAL INFO:

- \* Shipping Costs to Freight Forwarder in Miami Dade County \$ 120.00
- \* Propane Tank Specs: 120 Gallon Tank can hold 96 gallons of propane to allow for gas expansion
- \* Empty weight of the 120 Gallon Tank is 300 pounds -
- \* DIMS for the 120 Gallon Tank are 55 inches High x 30 inches in Diameter
- \* We Recommend 2 Tanks for each Generator Install to provide at least 5 days of power.  
The electric load in a Home determines how many tanks are necessary. More load = More Gas
- \* All products in this deal are regularly in stock, although due to demand there may be back orders
- \* Offer subject to change without notice. Please contact us for full details.
